WELCOME

Dear Friends,

As I reflect upon the remarkable journey that has brought us to this point, I am filled with a sense of gratitude and excitement. It's incredible to think about the evolution of the Cultures & Communities Festival and the path that led us here.

Nearly five years ago, Maureen Post and I pitched an idea for an event I called the Minority Health Film Festival to Heidi Moore, an executive at Froedtert & the Medical College of Wisconsin at the time and now a current Board member of Milwaukee Film. Needless to say, that name didn't last long, and neither did our initial approach to programming the Festival. Fueled by good intentions and a desire to make a meaningful impact, our focus leaned heavily toward health education.

However, we quickly realized that a vital ingredient was missing from the equation—celebration. Joy, as I've learned, is an essential component of well-being. It's the elixir that nourishes our spirit and feeds our soul. It's the laughter that intertwines with learning, making the journey not only enlightening but also deeply fulfilling.

Over the past five years, our dedicated team has poured their heart and soul into crafting an event embodying intellectual enrichment and unbridled joy. As we present the 2023 Cultures & Communities Festival, know that every moment has been curated with you in mind.

We understand your desires—to relish delectable food while sharing hearty laughter, to sway to the rhythm of the music that moves your soul, and to engage in conversations that ignite

your thoughts, all in an atmosphere of respect and camaraderie. That's why we've meticulously programmed over 20 films and 35 events that invite you to bask in the embrace of celebration. And that's not all – we're excited to welcome an array of local and national guests to aid you in your pursuit of unadulterated joy.

While we acknowledge that there's still much work to be done, I can't help but feel a surge of pride when I look back at how far we've come since our modest beginnings. This journey has been one of growth, learning, and community building. As we stand on the cusp of this year's festival, I invite you to participate in the continued evolution of the Cultures & Communities Festival and Milwaukee Film.

Together, we are forging a path toward something special.

With heartfelt anticipation,

CULTURES & COMMUNITIES

The Cultures & Communities initiative was established in 2019 to amplify diverse cultural perspectives and lived experiences through film programming, event curation, and community outreach.

Through the initiative, Milwaukee Film offers a variety of year-round programming options beyond the Milwaukee Film Festival, such as commemorative month films and event series, the annual Cultures & Communities Festival, and our film-based DEI engagement program, Engage & Activate while supporting the efforts of anchor cultural programs such as Black Lens, the Latinx-focused Cine Sin Fronteras, and the LGBTQIA-centric, GenreQueer.

CINE SIN FRONTERAS & HISPANIC HERITAGE MONTH

Cine Sin Fronteras tiene el objetivo de mostrar las historias que no son contadas por la rica y vibrante diáspora latinx en todo el mundo, incluidas las comunidades latinxs, chicanxs, latinoamericanxs, indígenas y afrolatinxs. Celebre la convergencia del Mes de la Herencia Hispana en el Festival de Culturas y Comunidades de 2023 con películas y eventos que exploran temas relacionados con la identidad, la cultura, la familia, la historia y la modernidad. Más información en mkefilm.org/csf.

Cine Sin Fronteras aims to showcase the untold stories of the rich and vibrant Latinx diaspora worldwide, including Latinx, Chicanx, Latin American, Indigenous, and Afro-Latinx communities. Celebrate the convergence of Hispanic Heritage Month at the 2023 Cultures & Communities Festival with films and events that explore topics surrounding identity, culture, family, history, and modernity. Learn more about Hispanic Heritage Month at mkefilm.org/csf.

With a singular focus on spotlighting fiction and documentary films by emerging and established Black storytellers, the Black Lens program explores stories and topics rooted in the Black community and relevant to all to inspire conversation, celebration, and community.

Spotlighting the best in documentary and fiction filmmaking that explores LGBTQIA+ voices and experiences, GenreQueer celebrates the past, present, and future of cinema's rich queer tradition.

ENGAGE & ACTIVATE

Through our Engage & Activate program (EA), we provide workplace diversity, equity, and inclusion (DEI) and soft skills training. Expert facilitators research and select films, help develop discussion topics, and moderate staff engagements emphasizing guided reflections and vicarious learning.

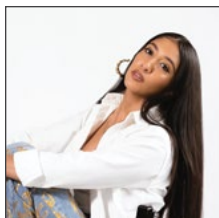

CULTURES & COMMUNITIES FESTIVAL

Guided by principles of cultural inclusivity, the 2023 Cultures & Communities Festival, held in Milwaukee from October 5th–12th, is an eight-day convergence of groundbreaking films, distinguished speakers, and public forums designed to amplify diverse cultural expressions and celebrate community—convening multicultural, intergenerational audiences across southeastern Wisconsin through engaging events, films, and compelling public conversations.

Film Accessibility Options

The Oriental Theatre's lobby, restrooms, and concession stand are all wheelchair-accessible, and all three auditoriums have reserved seating for guests who use wheelchairs.

Assistive Technologies

Assistive technologies can be checked out and returned at the main concession stand. Please note that film distributors determine closed-captioning and descriptive-narration availability, so films we screen might not work with our array of devices. For those that do, we have the following options to offer:

All three of our auditoriums are

equipped with hearing loop technology, enabling any patrons with T-coil hearing aids or our in-house receivers to receive and amplify the features audio, allowing it to be heard more clearly.

Our auditoriums also feature CaptiView, which is a personal closed-captioning device for hard-of-hearing guests. Closed captions are wirelessly transmitted to a small, easy-to-read screen attached to an auditorium seat so you can view closed captions privately during the feature.

Finally, we also offer Fidelio, a wireless audio receiver that delivers descriptive narration to guests with visual and/or hearing impairments. Each Fidelio receiver has a plug-in headset, but guests may use their own headsets or headphones if desired.

Wednesday, Oct. 11

Doors 5:30, PM Event 6:00 PM

Radio Milwaukee

220 E. Pittsburgh Ave.

#1 Billboard bluegrass charting hip-hop band Gangstagrass leads an inclusive dialogue on the origins of American music, revealing how marketing created artificial genre distinctions during the Jim Crow era when the recording industry emerged -- leaving a legacy of segregation that still persists today. The wide-ranging discussion explores the origin and development of the banjo and the cotillion, providing historical context that upends modern ideas of “black music” and “white music”. Gangstagrass’s own music fuses cherished American traditions into a fresh sound that is greater than the sum of its parts and underscores music’s ability to unite across boundaries.

ABOUT MILWAUKEE FILM

Founded in 2008 by Chris Abele and Bill & Carmen Haberman, Milwaukee Film is a nonprofit arts organization dedicated to creating world-class cinematic experiences that convene diverse communities and catalyze positive change in Milwaukee and beyond. Milwaukee Film is a national leader among cultural arts organizations and operates year-round using film to inspire community, artistry, education, and joy. We center our work on making our communities more empathetic and equitable for everyone to live, and our vision is to become America's most dynamic, well-rounded film culture institution.

MILWAUKEE FILM FESTIVAL (MFF)

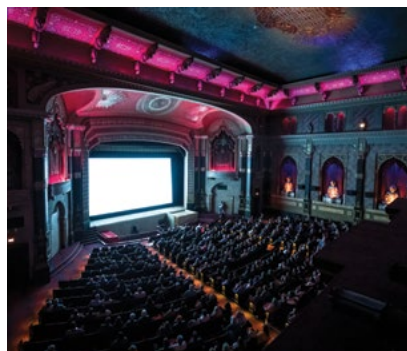

Since 2009, the annual Milwaukee Film Festival has brought together audiences and filmmakers to celebrate the power of cinema.

It is one of the largest film festivals in the country and was recognized by *Moviemaker Magazine* as one of the "Coolest Film Festivals in the World." In 2019, our annual Milwaukee Film Festival attracted more than 87,000 attendees to packed cinemas, and over 100,000 people joined our virtual festivals in 2020 and 2021. The 2023 Milwaukee Film Festival presented

280 public, in-cinema screenings with a 58% increase in in-person attendance from 2022. We continue to elevate Milwaukee's film industry each year and bring world-class films and filmmakers to local audiences while celebrating film, arts, and culture unlike anything else in Milwaukee.

ORIENTAL THEATRE

Milwaukee Film operates the historic Oriental Theatre, a magnificent movie palace recognized on the National Register of Historic Places. Since getting the keys in 2018, Milwaukee Film has worked to revitalize this one-of-a-kind space. In 2019, we fully restored one of the three houses

inside the theater, replaced the lobby concessions stand, and showed nearly 250 film titles outside MFF. After the theater closed in March 2020 due to the COVID-19 pandemic, we began our next phase of renovations, working to restore much of the theatre's other two houses while also incorporating hearing loops for improved accessibility. We're now fully reopened and proud to show off what we've accomplished in restoring this historical gem.

EDUCATION

Beyond screening movies, Milwaukee Film aims to foster deeper audience engagement with film and serve our community. Our education programs are critically important elements of this work. Whether bringing films to the classroom with our Take 1 filmmaking courses for high school students, bringing the classroom to film with our special education screenings or everything in between—Milwaukee Film is committed to

making a lasting impact on local movie lovers no matter their age.

ARTIST SERVICES

Milwaukee Film provides year-long initiatives, events, and programming for local filmmakers to hone their craft and get the support they need for their storytelling projects. We are the leading regional funder of filmmakers through the Forward Fund, offering annual grants of \$100,000 and a Fiscal Sponsorship Program to assist filmmakers in soliciting and receiving project funding. Through our Focus Finder Accelerator, Milwaukee Film provides a cohort-based, two-year program for emerging film talent from historically under-resourced identities as a way to develop, connect, and elevate diverse voices in film.

WE'RE ALL ONE CREW

As Presenting Sponsors of the Cultures and Communities Festival, the Milwaukee Brewers aim to celebrate, support, and amplify the powerful, diverse voices and perspectives of our community.

We believe in the power of storytelling. By sharing our experiences, we can help eliminate barriers to understanding one another and instead, build empathy and insight into what can bring us together.

Milwaukee Film's programming offers our community the ability to experience each other's stories through the power of film, events and outreach. We are proud to be a part of their efforts.
